

## Hard Hat Sunshades

The Pioneer® line of sunshades is a must-have accessory when working in high heat environments where mobile shade is a must. The design provides maximum sun protection for your neck and ears, and the hi-viz fabric delivers the enhanced visibility you need to stand out and be seen on the jobsite.

### Key Features and Benefits:

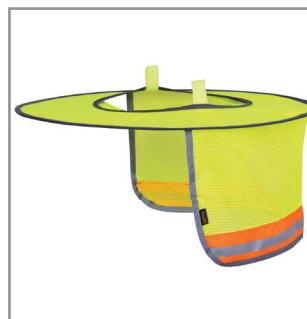

#### Hard Hat Sunshade – Model 244U

- Provides maximum sun protection for neck and ears
- Solid opaque fabric blocks out damaging UV rays better than mesh-style alternatives
- Hook and loop design provides a secure fit and easy attachment
- Hi-viz fabric provides enhanced visibility
- Fits both cap-style and full brim hard hats

#### Foldable Hard Hat Sunshade – Model 263U

- Made with ultra-cool and breathable polyester tricot material
- Wraparound design provides 360° protection from the sun and damaging UV rays
- Contrasting trim with reflective tape provides increased visibility
- Fits all full brim-style hard hats
- Folds away for easy storage

#### Mesh Hard Hat Sunshade – Model 292U/293U

- Provides maximum sun protection for neck and ears
- Polyester mesh style provides breathability and cool comfort
- 2-tone reflective striping enhances visibility
- Elastic binding is suitable for all cap-style hard hats
